1. Taxi/Ride App Services (Uber/Lyft/Opoli):

Upon your arrival at LAX, you can either take a taxi or use standard ride app services such as Uber, Lyft, or Opoli. If you opt for these services, you can conveniently access them by walking to the LAX-it (pronounced LA Exit) Area next to Terminal 1. You can also take the free LAX-it shuttle located outside baggage claim on level one to go to the LAX-it Area. Shuttle pick-up areas are indicated by lime green column wraps.

It is important to note that only luxury ride app services, including Lyft Lux Black and Lyft Lux, and Uber Black and Uber Black SUV, as well as Limousines, Town Cars, and private vehicles, are permitted to pick up passengers from curbside within the terminals.

Reserve your ride once you arrive at LAX-it. Your ride app will show you at the designated waiting area at LAX-it.

For passengers arriving at Terminals 1, 2, 7, and 8, the walk to the LAX-it Area takes around 5-10 minutes and can be easily navigated by following the green signs. However, if you arrive at Terminal B (Tom Bradley), Terminal 4, and 5, it is recommended to take the LAX-it shuttle as the walk could take around 20 minutes.

2. Bus:

Another viable option is the bus service that operates regularly between LAX and the UCLA campus in Westwood. The bus ride duration can vary due to traffic conditions, but on average, it takes about 75-90 minutes to reach Westwood. To catch the bus, take the complimentary LAX Airport Shuttle bus from outside the baggage claim area to the LAX City Bus Center. From there, you can board the **Culver City (Green) Bus Line 6** or **Rapid 6 Northbound**. This bus will take you directly to the UCLA campus, and the fare for this trip is only \$1.

Culver City Bus Line 6 Route Map:
